Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

The amendment filed 14/28/2003 under 37 CFR 1.116 in reply to the final rejection, which included cancellation of claims 1-19, 21-30, and addition of new claims 32-33, has been entered.

Applicants should note that claims 21 and 23-24 were cancelled claims as per paper # 10, which are again being cancelled.

In view of applicants' response, particularly cancellation of claims 1-9 and 21-30, all 112 second and first paragraph rejections made in the previous office action has been rendered moot.

As for prior art 103 rejections over, Cockerill et al., and Buzzetti et al., applicants' traversal is not persuasive. Applicants have more or less repeated the same arguments made in the previous response and examiner had clearly addressed these issues in paper # 12.

However, applicants in the newly presented claims 32-33 have limited the choice of R^5 to piperidinyl group along with R^2 and R^3 to be each hydrogen. Both Cockerill et al. and Buzzetti et al. do not teach a piperidinyl group for the corresponding U group and from the generic definition of U which would include the piperidinyl group, it would be not possible for one trained in the art to pick and choose the said group for want of any guidance in these two prior art along with the choice of specific R^2 and R^3 . Hence solely based on the limitations set forth in the newly added claims, the prior art 103 rejections over Cockerill et al., and Buzzetti et al., made in the previous office action have been deemed as obviated. In addition, in view of the above limitations - the choice of R^5 to

Art Unit: 1624

piperidinyl group along with R^2 and R^3 to be each hydrogen-, the obviousness type double patenting rejection made in the previous office action have been also obviated.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The compound of formula I, namely variously substituted pyrrolo[2,3-d]pyrimidine with a aminopiperidinyl group in 4-position as embraced in the instant claims were not found to be anticipated or rendered obvious by the prior art of record. Additional search in the related art area also did not yield any prior art disclosing variously substituted pyrrolo[2,3-d]pyrimidine with an aminopiperidinyl group in 4-position. Therefore, the examiner noted that the claims would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication from the examiner should be addressed to Venkataraman Balasubramanian (Bala) whose telephone number is (703) 305-1674. The examiner can normally be reached on Monday through Thursday from 8.00 AM to 6.00 PM.
